Step 3

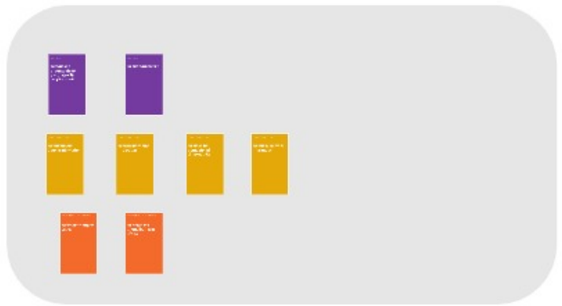

Name of the process Contract & Clause

Copy this from the main board: (It is ok to copy just the primary process / step under consideration)

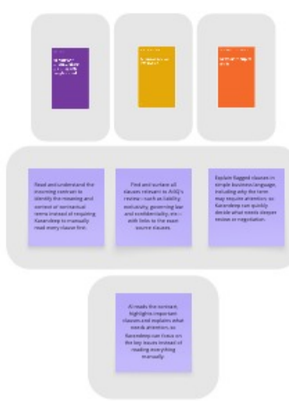

AI Cards

i

Move the 3 most relevant AI cards down (This is not a fixed number, but usually works best to not exceed 3).

Describe how would you use the selected AI card to enable our Process with AI

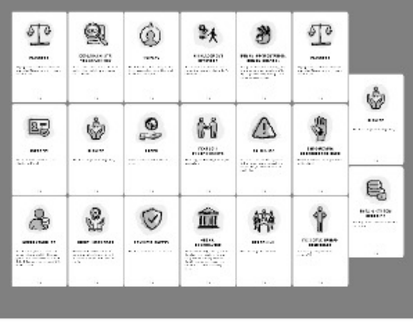

Create a Summary of how AI changed the workflow (summarize the above 3 post it)

Make changes in the step here:

1. Move your proposed AI process to Actions by digital tools & platforms
2. Accordingly, update the Actions by Human as per what's left for Human to do.
3. For the new solution, discover some of the pain points which would be associated to it.

Risk Mitigation Cards

Select the relevant Ethical Risk Cards to the gray area which are relevant to the process / step under consideration

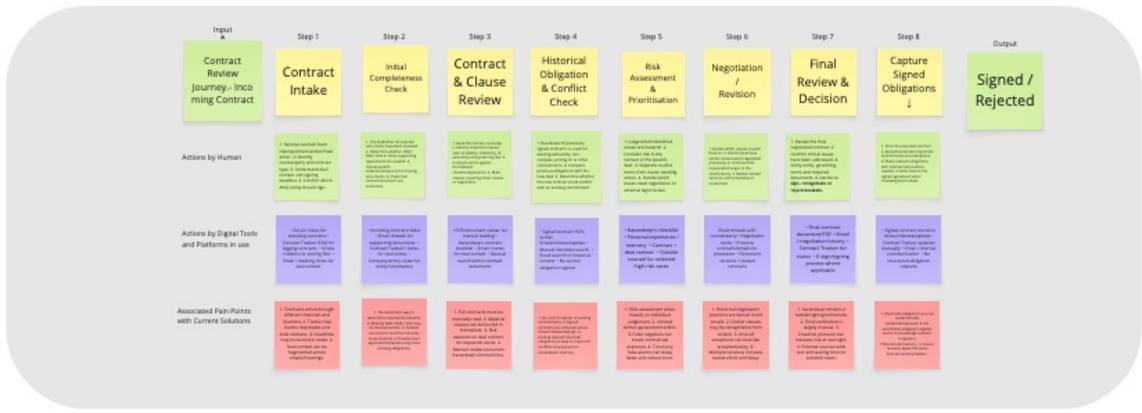

Describe how would you mitigate the above highlighted risks

Step 4

Name of the process: Historical Obligation

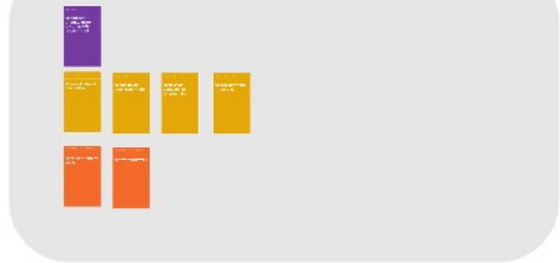

Copy this from the main board! (It is ok to copy just the primary process / step under consideration)

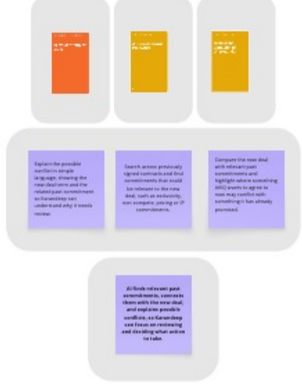

AI Cards

Bring all relevant 33A AI CARDS® for applying AI to selected process or step here

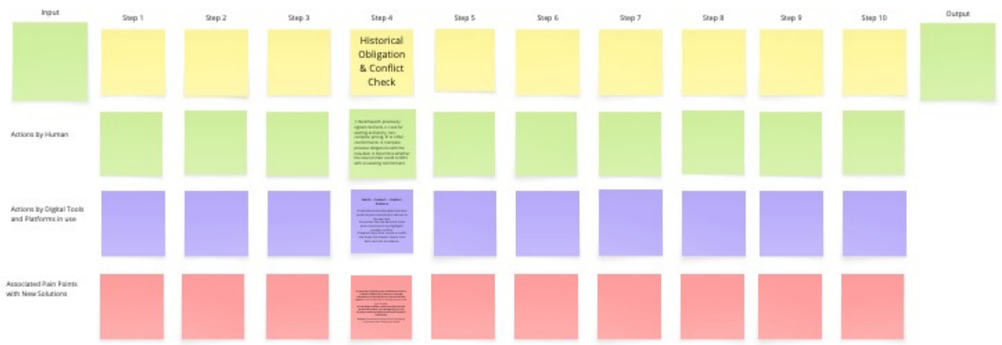

Move the 3 most relevant AI cards down (This is not a fixed number, but usually works best to not exceed 3).

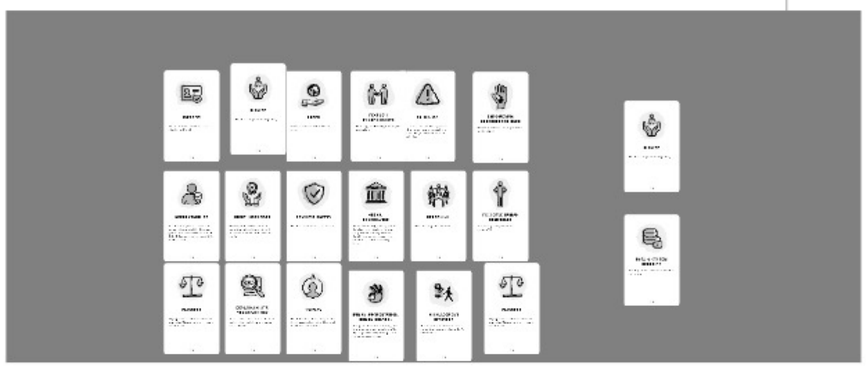

Describe how would you use the selected AI card to enable our Process with AI

Create a Summary of how AI changed the workflow (summarize the above 3 post it)

Make changes in the step here:
1. Move your proposed AI process to Actions by digital tools & platforms
2. Accordingly, update the Actions by Human as per what's left for Human to do.
3. For the new solution, discover some of the pain points which would be associated to it.

Risk Mitigation Cards
